

117TH CONGRESS
1ST SESSION

S. _____

To ban the use of ortho-phthalate chemicals as food contact substances.

IN THE SENATE OF THE UNITED STATES

_____ introduced the following bill; which was read twice
and referred to the Committee on _____

A BILL

To ban the use of ortho-phthalate chemicals as food contact
substances.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Preventing Harmful
5 Exposure to Phthalates Act”.

6 **SEC. 2. FINDINGS.**

7 Congress finds as follows:

8 (1) Prenatal exposures to phthalates can do
9 lasting harm to child brain development and increase
10 children’s risks for learning, attention, and behavior
11 disorders.

1 (2) Pregnant women’s exposures to phthalates,
2 which are known to decrease fetal testosterone, can
3 harm reproductive tract development in male babies
4 which may have lifelong consequences.

5 (3) Phthalates that are used in food production
6 materials have been shown to leach into food from
7 plastic equipment, such as tubing used in commer-
8 cial dairy operations, lid gaskets, food preparation
9 gloves, conveyor belts, and food packaging materials.

10 (4) Exposure to phthalates can come from mul-
11 tiple sources simultaneously, including food and food
12 contact substances and other products. Therefore,
13 assessing risks from individual phthalates may un-
14 derestimate the health risks from exposure to mix-
15 tures of phthalates.

16 (5) Research shows that women have higher ex-
17 posure to phthalates found in personal care products
18 than men.

19 (6) Studies have shown that Black and Latina
20 women have higher exposure to certain phthalates
21 compared with White women.

22 (7) In a nationally representative sample, Black
23 women had higher exposures to a real-world mixture
24 of hormonally-active phthalates compared to White
25 women.

1 **SEC. 3. PROHIBITION ON USE OF ORTHO-PHTHALATE**
2 **CHEMICALS AS FOOD CONTACT SUBSTANCES,**
3 **INCLUDING FOOD PACKAGING MATERIALS.**

4 (a) **IN GENERAL.**—Notwithstanding any other provi-
5 sion of law, effective on the date that is 2 years after the
6 date of enactment of this Act—

7 (1) the use of any ortho-phthalate chemical as
8 a food contact substance shall be deemed to be un-
9 safe for the purposes of the application of clause
10 (2)(C) of section 402(a) of the Federal Food, Drug,
11 and Cosmetic Act (21 U.S.C. 342(a));

12 (2) any regulation previously issued under sec-
13 tion 409 of such Act (21 U.S.C. 348) prescribing
14 the conditions under which any ortho-phthalate
15 chemical may be safely used as a food contact sub-
16 stance shall have no force or effect; and

17 (3) the Secretary of Health and Human Serv-
18 ices (referred to in this Act as the “Secretary”) shall
19 object to any notification of an intended use of an
20 ortho-phthalate chemical as a food contact substance
21 submitted under section 409(h)(1) of such Act, and
22 may not issue regulations prescribing any conditions
23 under which any ortho-phthalate chemical may be
24 safely used as a food contact substance.

25 (b) **ALTERNATIVE SUBSTANCES.**—Notwithstanding
26 any other provision of law, beginning on the date that is

1 2 years after the date of enactment of this Act, in acting
2 in response to any petition under section 409 of the Fed-
3 eral Food, Drug, and Cosmetic Act (21 U.S.C. 348) to
4 establish safety with respect to a food contact substance
5 that the Secretary determines to be an alternative to an
6 ortho-phthalate chemical, in addition to the criteria under
7 subsection (e) of such section 409, the Secretary shall con-
8 sider potential adverse effects of exposure to the substance
9 on vulnerable populations, including pregnant women, in-
10 fants, children, the elderly, and populations with high ex-
11 posure, including workers who are exposed through pro-
12 duction practices or handling of final products.

13 **SEC. 4. FDA REVIEW OF PRODUCTS.**

14 (a) IN GENERAL.—The Secretary shall—

15 (1) conduct a review of products other than
16 food that is subject to regulation by the Food and
17 Drug Administration to determine whether such
18 products lead to exposure of the general public to
19 any ortho-phthalate chemical through use of such
20 products; and

21 (2) not later than 1 year after the date of en-
22 actment of this Act, issue a report on the findings
23 of such review, to be made available to the public on
24 the website of the Department of Health and
25 Human Services.

1 (b) CONSIDERATIONS.—In conducting the review
2 under subsection (a), the Secretary shall consider dis-
3 proportionate exposure of products containing an ortho-
4 phthalate chemical to members of communities of color
5 and the health effects of such exposure to members of
6 such communities, including any increased risk of preterm
7 birth, low birth weight, or other risks to children’s health.
