The Honorable Neil Gorsuch
Byron White U.S. Courthouse

Denver, CO 80257

Dear Judge Gorsuch,

I write to ask you to provide additional information regarding your tenure in a significant leadership position at the Department of Justice during President George W. Bush's Administration.

In your Senate Judiciary Questionnaire, you wrote that as Principal Deputy to the Associate Attorney General, you "assisted in managing the Department's civil litigating components (antitrust, civil, civil rights, environment, and tax)." You also acknowledged that "[m]ajor litigation decisions in certain cases—such as whether to file suit, what motions and defenses to bring, whether and how to settle significant cases on advantageous terms—are reviewed by the Office of the Associate Attorney General," and that you "spent a substantial amount of time reviewing and editing trial and appellate court legal briefs and developing case strategy." You also stated that you "acted as Associate Attorney General during periods when the Associate Attorney General was unavailable or recused and assisted in the development and implementation of a wide variety of policies and initiatives."

It appears that you were extensively involved in key decision-making at the Justice Department in relation to a number of important and controversial cases. I therefore ask you to provide additional information about the cases, policies, and initiatives in which you played a role.
